PARADRAPAGONS

14th WDBRC will include Paradrageon racing! Although the number of entries at the moment is small, nevertheless having Paradrageon racing at all is a massive first step for our sport. And the way in which our paradrageons will compete is unique in the sporting world.

IDBF is willing to accept more entries from nations provided these are made in accordance with the May 3rd 2019 deadline for all entries.

It has been decided to withdraw the standard boat category in the hope that more nations will enter the small boat races. As a reminder, PD-1 races are for crews where all paddlers are impaired in some way, while PD-2 races are for crews where approximately half the paddlers are impaired. As previously advised in Bulletin No.1, there will be no restriction on any paddler who competes in a Paradrageon event; in other words the usual IDBF rules regarding a paddler competing in multiple categories do not apply for Paradrageon events.

Should any nation have an interest in participating in a Paradrageon event at 14th WDBRC but is uncertain about the way in which impairments will be 'scored' or how teams need to be entered, please contact Nigel

Bedford directly in the first instance: he can be reached by email at chair-para@idbf.org and he is also willing to answer queries over the telephone (during normal UK working hours) on +44 771 264 5800

As part of the process for accrediting paradrasons, a Certificate of Diagnosis for each paddler will be required (copy attached to this Bulletin). This will need to be completed by the paddler and by his or her medical practitioner and returned to chair-para@idbf.org by email by **June 30th 2019** at the latest. Note that Certificates of Diagnosis are not required for any unimpaired paddler who is part of a PD-2 team.

These completed certificates will allow the Para Athletes Commission to develop preliminary 'scores' for each team well before the Championships start and allow dialogue with participating nations if it appears clear that the race rule requirements may not be met.

At the 14th WDBRC, and before racing actually starts, a few Paradrason paddlers from each team will be formally assessed by the Para Athletes Commission to confirm that the impairment(s) declared in the Certificates of Diagnosis are consistent with the athletes' presentation.

Special boat loading / unloading facilities will be provided to facilitate participation by Paradrason crews.

ENTRY REQUIREMENTS

Please take careful note of the Entry Conditions which were noted in Bulletin 1 and further details on mixed crews is added below. Please note that all countries must be current paid members of IDBF. If you have not paid the membership fee will be invoiced with the named entries.

MIXED CREW REQUIREMENTS

Standard Boat Crews – The crew must consist of a minimum of 8 and maximum of 10 paddlers of either gender. Drummers and Helms can be of either gender.

Small Boat Crews – The crew must consist of a minimum of 4 and maximum of 5 of either gender. Drummers and Helms can be of either gender.

STANDARD and SMALL BOATS

If a Country wishes to enter a standard and small boat in the same competition class, the competitors in the standard boat must be completely different to those in the small boat, So the 26 competitors (including reserves) in the standard boat must be completely different to the 14 competitors (including reserves) in the small boat.

The following examples may help:

Example 1

Premier Mixed Standard Boat and Premier Mixed Small Boat – must have completely separate competitors

Example 2

Senior B Open Standard Boat and Senior B Open Small Boat – must be completely separate competitors
